

# Golden Gate Heights Neighborhood Association Membership

For over 35 years, the Golden Gate Heights Neighborhood Association (GGHNA) has worked to preserve and enhance the quality of life in our neighborhood. While our primary interest encompasses the area bounded by Kirkham Street to the north, Ninth Avenue to the east, Santiago Street to the south and Nineteenth Avenue to the west, our concerns extend to adjoining areas as well. We strive to represent the interests of all of our neighbors, homeowners and tenants alike.

In addition to dealing with routine matters such as parking and traffic, development, and maintenance of parks and other public property, GGHNA has numerous projects underway:

- Major improvements to Golden Gate Heights Park using Park Improvement Bond Funds. We must continue our fundraising campaign to provide matching funds. You can help us meet our goal by making an additional contribution now! (See below.)
- Advocating for the replacement of the current playground equipment at Golden Gate Heights Park through Failing Playgrounds bond funding (a separate process from the park improvement bond);
- Making use of Supervisor Yee’s participatory budgeting process to fund other projects, including traffic safety.

Many of our communications about these matters happen by email (saving time, money, and trees), so please make sure we have your email address.

The Golden Gate Heights Neighborhood Association holds funds for the maintenance of the Moraga/16th Tiled Steps project, maintenance of the multi-user water fountain at Golden Gate Heights Park, and providing compostable dog waste bags at Golden Gate Heights Park. We invite you to make an additional donation for any of these three projects, or for the general operations of the GGHNA.

The strength of our voice is a reflection of the number of households we represent. Now is the time to join! Dues are \$10 per household for the calendar year, and your dues are tax-deductible (GGHNA’s Tax ID is 94-2784638). Renew today using the form below, or online at [GoldenGateHeights.org](http://GoldenGateHeights.org). Click on the “Membership” link.

Thanks!
